

## Exercise 3

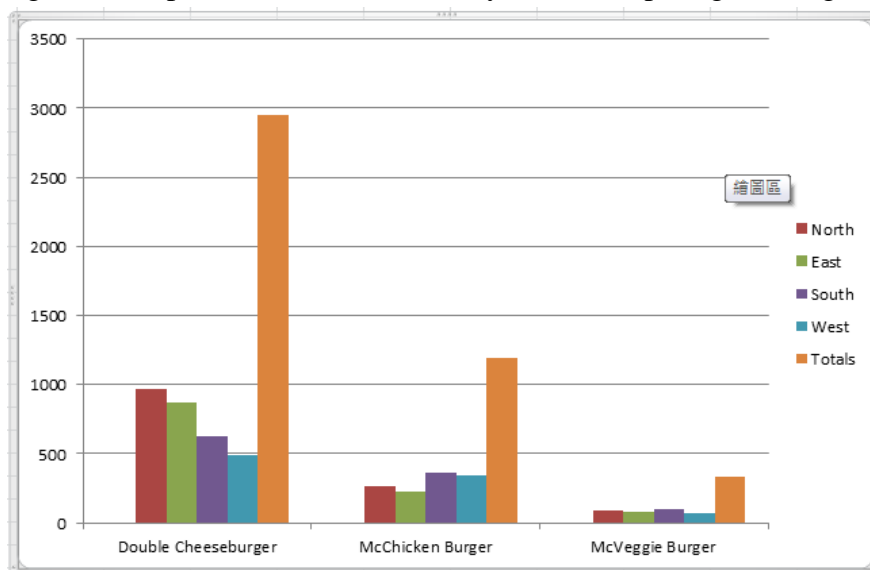

Download the file from <http://www.peter-lo.com/Teaching/HHB-1208/Source3.zip>, you will use these files to finish the following exercises.

1. Open the Excel file “Question 3-1.xlsx”. Create the chart for comparing the actual sales against target sales for different brand.

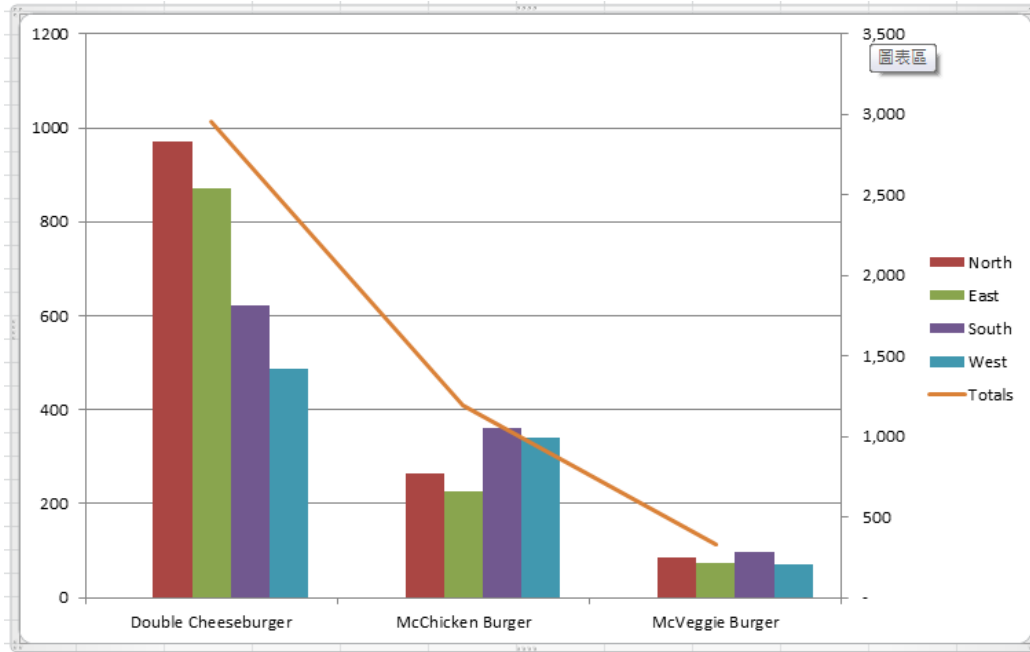

2. Open the Excel file “Question 3-2.xlsx”.

A) Create a basic column chart comparing burger sales across regions without the **Average** figures. Swap the axes round, so that you are comparing areas against McDonalds products:

B) Chart the **Total** column as a line chart against a separate axis

3. Open the Excel file “Question 3-3.xlsx”, and create a Gantt chart for the project schedule:
