

Exercise 3

Download the file from <http://www.Peter-Lo.com/Teaching/X4-XT-CDP-0071-A/Source3.zip>, you will use these files to finish the following exercises.

1. Open the Excel file “Question 3-1.xlsx”. Create a scatter chart comparing poll ratings against days in government, with a trend line of your choice superimposed.

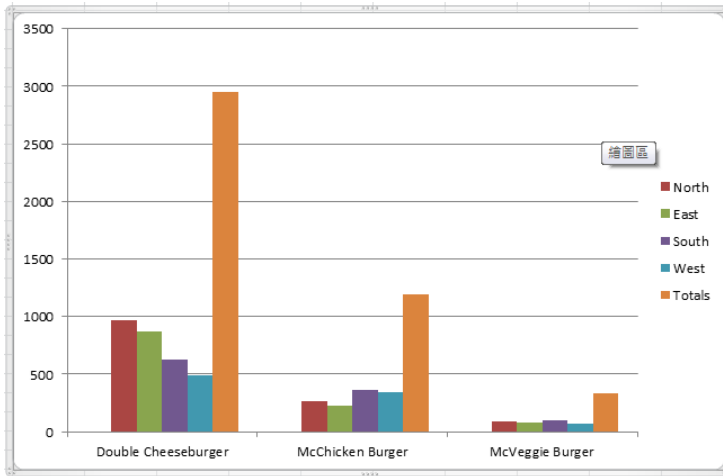

2. Open the Excel file “Question 3-2.xlsx”. Create a thermometer chart showing how far we are to meeting a sales goal.

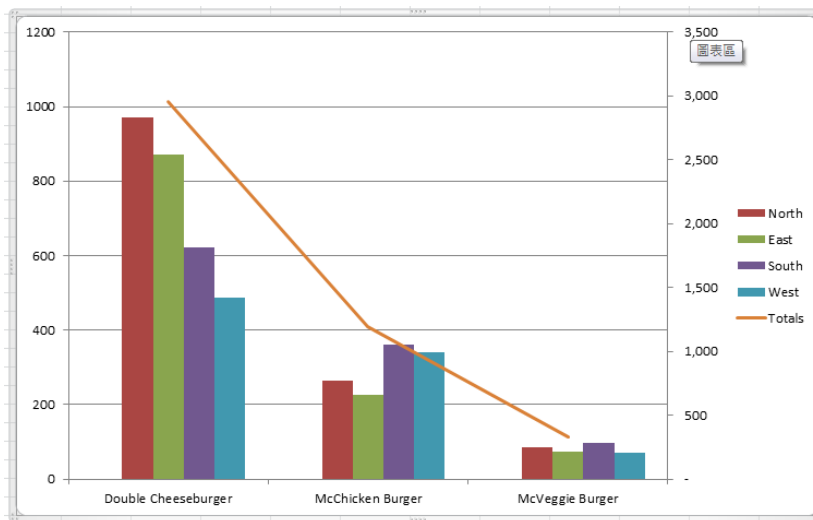

3. Open the Excel file “Question 3-3.xlsx”.

A) Create a basic column chart comparing burger sales across regions without the **Average** figures. Swap the axes round, so that you are comparing areas against McDonalds products:

B) Chart the **Total** column as a line chart against a separate axis

4. Open the Excel file “Question 3-4.xlsx”, and create a Gantt chart for the project schedule:
